To all Parade entries and all downtown businesses for supporting the event by being open for business, displaying posters, purchasing buttons, etc.

*Hopefully we didn't overlook any individual, group or company.
And last but not least, a special bouquet to the people of the
Creston Valley for once again showing support for THEIR
festival by purchasing our buttons and attending our events.
It can't be done without you!
We start planning in September for next year.
Volunteers are always welcome.*
